

Post-doctor and Ph.D. Openings at the Chinese University of Hong Kong

Multiscale Precision Instrumentation Laboratory, Department of Mechanical and Automation Engineering

<https://mpil.mae.cuhk.edu.hk/>

We have multiple postdoctoral positions available in the area of femtosecond laser applications, biomedical optics, and laser additive manufacturing. MPIL has been a leading group in precision and optical instrumentation and well supported with 25+ members in the past few years. The candidate to fill this position should have a doctoral degree in physics, electrical engineering, optical engineering, or mechanical engineering. He/she is encouraged/expected to develop independent research programs.

Inquiries and applications should be sent to Prof. Shih-Chi Chen at (scchen@mae.cuhk.edu.hk).

Compensation:

Ph.D.: Full scholarship (~HK\$ 18,000/month + medical insurance)

Post-doc: HK\$ 28,000 - 32,000/month (based on qualification) + medical insurance/fringe benefits. (Salary may be raised annually based on performance.)

【徵才】 誠徵博士及博士後研究員

【徵才單位】 香港中文大學機械與自動化工程系

【工作內容】 飛秒雷射技術應用、生物光學、精密机械设计

【工作待遇】 月薪港幣 28,000 – 32,000

【應徵資格】 具物理、光學、電子或機械等相關科系的博士學位

【方式】 陳世祈教授 scchen@mae.cuhk.edu.hk
